

Sermon – Romans – The Series (Week One)

Scripture: Romans 1, ISAIAH 28:9-

Main Message – Paul's letter to the Romans is as valid today as it has ever been.

The book of Romans is filled with truths that are uncomfortable and challenging. I can guarantee that this book is not socially acceptable in its entirety these days and even avoided in many churches. I will be taking us on an expository journey through the book of Romans and it will take as long as it takes. This is a nice Series and you can call it Bible Study Sermon, but line by line and precept by precept I will do what God has called me to do.

Enjoy the ride.
