Sermon – Parable of the Sower – Parables Week 1

Scripture – Mathew 13, Psalm 78:2

Main Message – The parables are for believers to understand. They are word pictures to help us draw closer to God and for us to be wise.

Jesus taught in parables. He did it for a variety of reasons. It fulfills prophecy in the old testament in the book of Psalms. He also told it to stir the hearts of those who were interested in learning. He spoke in parables, but do you understand who it was intended for? Well today we will begin a series that addresses the parables. It is for you. It is for our education. It is to show us the truth so we can grow closer to Jesus. It is for us to perfect our walk in this world. They are vital lessons for us to reflect upon.

Jesus explained the Parable of the Sower to his disciples. That is the only one written down that he explained so completely. He did speak about a few others in more detail because he was not well understood, but to understand the Parable of the Sower through Jesus' explanation helps us to see deeper into the others.
